

Planning resources from St Peter, Schofield, WI

This document supplements Debra Price's *Worship the Lord* article (No. 90, May 2018),

"Worship Coordinators Help Carry Christ to the Heart"

Here is Debra's description of the calendars that follow and the planning process at St Peter. These ideas may serve to enrich the planning process at other churches.

The 2017-2018 calendar was filled out in May of 2017. Singing groups are filled in after Labor Day for the entire school year.

The 2018-2019 calendar, starting on page 9, is blank. The Worship Committee will fill it in at our planning meeting in May of 2018.

The Worship Themes and Plans (see separate Word or PDF files) are filled out by the pastors and brought to our Worship Committee meeting. The Committee usually receives them 2 months ahead of time.

I've thought about converting them to Google Docs for easier collaboration.

Our pastors are also easy to work with. They put in hymn suggestions, but are willing to let me make changes.

Notes – Ideas – Suggestions

| |
|---|
| Grade school band – plan for pre-service or offertory music; always play in the Advent service; |
| Senior Choir – sing Verse of the Day where/when possible |
| Consider balcony seating room w/ several groups when scheduled to sing |
| Monitor # of “multiple” singing/playing groups in same service except for holidays or rare occasions |
| Only 1 choir anthem on Mother’s Day, sing with Moms |
| Lenten services remain at 5 & 7 PM |

Notes – Ideas – Concerns

| |
|--|
| Do not have Pre-School or LES sing on communion Sundays |
| Grade school band – plan for pre-service or offertory music; always play in the Advent service; Plan to play in 1 Midweek Lenten service @ 4:00 |
| Senior Choir – sing Verses of the Day where/when possible |
| Consider balcony seating room w/ several groups scheduled to sing |
| Frequency of singing groups |
| Consider Mother's Day crowd |
| |
| |
| |
| <i>Italicized Psalms marked are other psalm options from the Christian Worship Supplement; use ILCW psalm if desired</i> |
