

# New Piano Music for Worship

Lee & Susan Dengler, with Bryan Gerlach  
 WELS National Conference on Worship, Music, and the Arts  
 Carthage College, July 1999

Recent years have seen a wealth of piano music published for worship. Much of this new music is based on hymn tunes, as music for the organ has been for centuries. This newer repertoire serves equally well alongside the organ or in a parish that lacks an organ. Pianistic musical colors and styles can enrich worship and help worshipers become familiar with and love both new and ancient hymn tunes.
