CW:S MIDI Files – notes from NPH

The *CW:Supplement* will include MIDI files on the Accompaniment Electronic Edition CD-ROM. All of the liturgical songs, psalms, and hymns will be available in standard MIDI files for playing with multimedia programs (for example, Windows Media Player®) or MIDI players including HymnSoft®.

The liturgy MIDI files will be set up for piano and organ. The psalms will be for organ only. The hymns will have organ, piano, and string instrument versions except for some pianistic accompaniments. Most of the hymns files will be one stanza only, except where there are repeats with different endings.

Hymns with descants will have versions with and without the descants.

Psalm MIDI files will have four beats on the reciting tone.

(Note: HymnSoft will include the advance function for these psalms when the HymnSoft upgrade is available.)

Tempos and instrument assignments (called patch or program changes) can be done in any MIDI editing program and some MIDI players.

README TEXT FILE

Christian Worship: Supplement
Electronic Accompaniment Edition 03N3035

(c) 2008 Northwestern Publishing House.

Christian Worship: Supplement (CWS) contains liturgies, meditations, psalms, hymns, and canticles that provide additional worship resources to Christian Worship: A Lutheran Hymnal, (c) 1993 Northwestern Publishing House.

The CWS spiral-bound Accompaniment Edition contains the keyboard accompaniments for the liturgies, psalms, hymns, and canticles. This CD-ROM contains PDF files of alternate accompaniments, instrumental scores for some of the liturgies and hymns, and MIDI files of all of the musical accompaniments.

NOTE: This CD-ROM also includes a RTF file of the Alternate Prayers of Thanksgiving. Pastors and worship planners may want to make a copy of this file to use.

PDF FILES

The PDF files of the accompaniment and instrumental scores can be printed out on a computer using Acrobat(r) Reader(tm). If you do not have this program, contact Adobe Systems at www.adobe.com/acrobat to download the program.

Note that purchase of the Accompaniment Edition gives you permission to print out and copy the musical scores as needed for rehearsing and performing the music in this publication. The PDF files and printouts of them may NOT be transferred to another congregation.

The PDF files of the accompaniment scores are listed in a separate RTF file on this CD-ROM. It may be helpful to print out this document for reference.

MIDI FILES

This CD-ROM contains MIDI accompaniment files for all of the music in CWS. These MIDI files are designed for use with any MIDI application on a computer or electronic musical instrument.

A separate RTF document on this CD-ROM contains the file names of all the MIDI files and a description of the file. It may be helpful to print out this document for reference.

For use on a MIDI-compatible keyboard that accepts only floppy disks, copy the individual files (not folders) to a floppy disk that is compatible with your keyboard. Many of the settings include tempo changes. If you change the initial tempo, it may be readjusted during the playing of the setting. YOU ARE PERMITTED TO MAKE TEMPO AND VOICING CHANGES THROUGH A STANDARD MIDI
